A Wider View on Cultural Landscape Challenges in Europe

The A Wider View Foundation certifies that

Mr. Ivan Shterev

Place & Date of Birth: Plovdiv July 12, 1984

Student of the University of Architecture, Construction and
Geodesy

has successfully taken part in the A Wider View International
Summer University, held from 21st till 29th of June 2008 at Radio
Kootwijk, the Netherlands.

/ The participant has worked intensively in a small group with student
designers, consultants and researchers on a dynamic interpretation of
landscape preservation, and elaborated development proposals for the Dutch
prototypical cultural landscape and UNESCO World Heritage Site, the mill
landscape of **Kinderdijk** / the 17th century **Beemster** polder / the former
island of **Schokland**. Within the working process the participant has been
confronted with various European traditions, positions and experiences
towards landscape preservation and had tried to assess the balance between
continuity and change, between fixation and transformation of the landscape.
